ABOUT THE COLLEGE:

Mohamed Sathak Engineering College, Kilakarai, established in 1984 by the Mohamed Sathak Trust has the twin distinction of being the first self-financed and Muslim Minority Engineering College in Tamil Nadu. The College is approved by the All India Council for Technical Education (AICTE), New Delhi, and offers 10 Undergraduate and 8 Postgraduate courses to over 2500 students and is affiliated to Anna University, Chennai.

ABOUT THE DEPARTMENT:

The Department of Chemical Engineering was started in the year 1996. It is one of the well established departments in the institute with strong well built facilities and excellent library. The department has cutting edge laboratories with all the facilities aside process control and simulation lab, Environmental Engineering Lab etc,

ABOUT THE WORKSHOP:

This workshop will provide a comprehensive training in the intelligent and effective use of process simulation software. It will also emphasize proper selection of thermodynamic models in process simulator and provide pertinent background behind the simulation of various unit processes and operations. It will demonstrate the steady state and dynamic simulation of chemical processes along with its application.

"Simulation revolutionizes the study of
modern engineering"

REGISTRATION:

All the participants should draw a DD in favor of "The Principal, Mohamed Sathak Engineering College", payable at Kilakarai. Write your details behind DD. Please use the photocopies of the registration form. **Registration forms with DD should reach the Coordinator on or before January 22nd, 2014.**

REGISTRATION FEES:

For Students : Rs.1000/-
For Research scholar: Rs 1000/-
For Faculty : Rs.1500/-

ACCOMMODATION:

Limited shared accommodation is available upon prior intimation in the college campus on first cum first serve basis.

IMPORTANT DATES:

1. Last date for receipt of completed Application forms : January 22nd, 2014.
2. Intimation of selection : January 23rd, 2014
3. Confirmation of participation : January 23rd, 2014
4. Workshop Dates : January 27th & 28th

PROGRAM SCHEDULE:

Day 1: 27th January 2014

1. Inauguration
2. Keynote Address
3. Technical Sessions I-Basic Concepts of Thermodynamics
4. Technical Sessions II-Unit Operations in Chemical Engineering

Day 2: 28th January 2014

1. Technical Sessions III-Mass Transfer Fundamentals
2. Hands on Training
3. Motivational Lecture
4. Valedictory Function
